LANGUAGE ARTS

We are exploring the theme, Let's Make a Difference, in Unit 5 of our Wonders series. Throughout the month, we will focus on these topics: good citizens, teamwork and cooperation, heroes, protecting the Earth, and rules. Please look at the weekly family letters for more specifics regarding all of these literacy activities.

In observance of poetry month in April, we have been reading many forms of poetry. The students are learning about different poetic devices including rhythm, rhyme, onomatopoeia, and alliteration. We are also writing many forms of poetry.

Our class is scheduled to participate in Spring benchmark testing in Reading taking the MAP May 2nd and AIMSweb April 18th & 19th and in Math taking the MAP May 4th.

We are studying measurement concentrating on length in inches, feet, yards, centimeters, and meters.

Our final Science unit focuses on Plants: What plants need, Animal and plant dependence, and Diversity of Living Things.
