

## “Pennies for Patients”

Student Council needs your help in curing Leukemia! We have partnered with the Leukemia Lymphoma Society this year to help find a cure. If you are curious where your donation is going, here is the breakdown. Half of the donations go to help the families who are not able to afford co-pays and medicine. The other half goes to the researchers who are working hard everyday searching for a cure!

If you would like to donate online, please use this link to access our donation page:
